DE LA SALLE BROTHERS
Brothers of the Christian Schools

MONTHLY NEWS LETTER | VOLUME-04

Auxiliary Provincial's Message

Dear Brothers and Partners,
Seek what is above. (Colossians 3:1)

For all the "Alleluias" we will sing at Mass on Easter day, there is an unsettling lack of finality in the Gospel reading. With Mary Magdalene, we discover an empty tomb. With Peter and John, we run to that tomb only to find burial cloths. And with them we come away with more questions than answers. Where's the joy? Where are the Alleluias?

HOLINESS WITH HUMILITY

Humility can only take root in the heart through humiliations. Without them, there is no humility or holiness. If you are unable to suffer and offer up a few humiliations, you are not humble and you are not on the path to holiness. The holiness that God bestows on the church comes through the humiliation of the son Jesus. He is the way. Humiliation makes you resemble Jesus; it is an unavoidable aspect of the imitation of Christ. If you do right and suffer for it, you have God's approval (Gaudete et Exsultate 118 & 119).

- Are we ready for daily humiliations even by choosing the less welcome tasks?
- Are we ready to praise others rather than boast about yourselves?
- Grant us a right disposition so that we would be ready to do right and be ready even to suffer for it.
- I will defend the weak before the powerful, even if it may harm my reputation.

WHAT KEEPS US AWAY FROM SUCCESS?

Life is like an obstacle race. You have to cross many hurdles before you can start running towards the finish line at a fast pace. So, before we embark on our journey to successful and happy living, I think we should acquaint ourselves with the obstacles that can come in our way and how to get around or over them. Sometimes, we know we have it all, but the absence of one factor (or the presence of one negative factor) keeps away from the destiny we want to choose for ourselves. It's like the colour white. Adding more and more of it to a tinge of black will give you a lighter grey, but to get a clear white, the only way is to clean out the black tinge completely, and then paint in the white. I think it's important to know at the outset, what are the qualities and habits that keep us away from success and do away with them, before we take on the new one. Successful people who have left their footprints on the sands of time, have also left behind lessons from which we can learn.

Rev.Br.T.Amalan FSC
Auxiliary Provincial - LASAD

ADDRESS OF HIS HOLINESS POPE FRANCIS TO PARTICIPANTS IN THE 46th GENERAL CHAPTER OF THE BROTHERS OF THE CHRISTIAN SCHOOLS.

Consistory Hall
Saturday, 21 May 2022

Dear Brothers, Good morning and welcome!

Thank the Superior General for his words, also for “Lolo Kiko” [Filipino greeting: “Grandfather Francis”], and I wish him and his council well. I am happy to meet you on the occasion of your 46th General Chapter, on the theme: “Building new paths to transform lives”. It is good to understand the Chapter this way, on the move, as a building site of new path, leading to the brothers, especially the poorest. But we know that the “Way”, the truly new way, is Jesus Christ: by following him, by walking with him, our lives are transformed, and we in turn become leaven, salt, and light.

For you, following the charism of Saint John Baptist de la Salle, these “new paths” are first and foremost pathways of education, to be achieved in the schools, colleges and universities that you manage in around one hundred countries in which you are present. A great responsibility! With you, I thank the Lord, because educational work is a great gift first and foremost for those who carry it out: it is work that demands a lot, but gives a lot! The constant relationship with educators, with parents, and especially with children and young people is an ever-living source of humanity, even with all the hardships and problems it entails.

In this relationship, on this pathway you take with them, you offer the values of your rich pedagogical tradition: you educate in responsibility, creativity, coexistence, justice, and peace: you educate in the inner life, in being open to the transcendent, in the sense of wonder and contemplation before the mystery of life and creation. You live all of this and you interpret it in Christ, and you translate it fully into humanity. I am reminded of the motto of Saint John Paul II in *Redemptor hominis*: “Man is the way for the Church”. You put this motto into practice in your educational mission. It is your way of realizing what Saint Paul wrote: “Christ is formed in you” (Gal 4:19). To educate in this way is your apostolate, your specific contribution to evangelization: to make humanity grow according to Christ. In this sense, your schools are “Christian”: not because of an external label, but because they take this path.

.....ADDRESS OF HIS HOLINESS POPE FRANCIS TO PARTICIPANTS IN THE 46th GENERAL CHAPTER OF THE BROTHERS OF THE CHRISTIAN SCHOOLS.

We are aware that the world is experiencing an educational emergency. The educational pact is broken, and now the state, educators and the family are separated. We must seek a new pact that is communication, working together. This educational emergency is made more acute by the consequences of the pandemic. The two great challenges of our time: the challenge of fraternity and the challenge of caring for the common home, cannot be answered except through education. Both are primarily educational challenges. And thank God, the Christian community is not only aware of this, but has been engaged in this work for some time now, trying to “build new paths to transform” the way of life. And you, brothers, are part of this construction site, indeed, you are in the front line, educating so as to move from a closed world to an open world; from a throwaway culture to a culture of care; from a culture of rejection to a culture of integration; from the pursuit of vested interests to the pursuit of the common good. As educators, you know very well that this transformation must start from the conscience, or it will only be a façade. And you also know that you cannot do this work alone, but by cooperating in an “educational alliance” with families, with communities and ecclesial aggregations, with the educational realities present in the territory.

This, dear brothers, is your field of work. But to be good workers, you must not neglect yourselves! You cannot give to the young what you do not have within yourselves. The Christian educator, in the school of Christ, is first of all a witness, and he is a teacher to the extent that he is a witness. I have nothing to teach you in this, but only, as a brother, I want to remind you: witness. And above all I pray for you, that you may be brothers not only in name but in fact. And for your schools to be Christian not in name but in fact.

Thank you for what you are and what you do! Go forth with the joy of evangelizing by educating and of educating by evangelizing. I bless you and all your communities. And you, please do not forget to pray for me. Thank you!

12 Quotes from Pope Francis to LaSallians.

On 21 May, at 10:30 a.m. (Rome time), Pope Francis received the participants in the 46th General Chapter of the Brothers of the Christian Schools in the Consistory Hall at the Vatican.

In his address to the representatives of Lasallians from all over the world[1], the Pope took up the theme of the General Chapter: “building new paths to transform lives”, highlighting the values of the rich Lasallian tradition and its commitment to “educate in responsibility, creativity, coexistence, justice and peace; to educate in the inner life, in being open to the transcendent, in the sense of wonder and contemplation before the mystery of life and creation”.

Francis proposed two great educational challenges to Lasallians: the challenge of fraternity and the challenge of caring for the common home, in line with the priority values discerned by the General Chapter.

In the same way, he exhorted Lasallian educators to focus their efforts so that the paths of transformation start from the conscience, otherwise “it will only be a façade”. Hence the importance of not working alone “but by cooperating in an ‘educational alliance’ with families, with communities and ecclesial aggregations, with the educational realities present in the territory”.

The following selection of quotes from Pope Francis to Lasallians complies some ‘significant words’ that could well enlighten and contribute to the process of renewal and updating of the charism of Saint John Baptist de La Salle in today’s world, and from the perspective proposed by the 46th General Chapter which will conclude on Sunday 22 May 2022.

1. “We know that the ‘Way’, the truly new way, is Jesus Christ: by following him, by walking with him, our lives are transformed, and in turn we become leaven, salt, and light”.
2. “For you, following the charism of Saint John Baptist de La Salle, these ‘new paths’ are, first and foremost, paths of education”.
3. “Educational work is a great gift, first and foremost for those who carry it out: it is a work that denotes a lot, but gives a lot! “.
4. “The constant relationship with educators, with parents and especially with children and young people is an ever-living source of humanity”.
5. “I am reminded of the motto of St. John Paul II in Redemptor hominis: ‘Man is the way for the Church’. You put this motto into practice in your educational mission”.

... 12 Quotes from Pope Francis to LaSallians.

6. "Your apostolate, your specific contribution to evangelisation is to make humanity grow according to Christ. In this sense, your schools are 'Christian': not because of an external label".
7. "The two great challenges of our time: the challenge of fraternity and the challenge of caring for our common home, cannot be answered except through education. Both are primarily educational challenges".
8. "You, brothers, are in the front line, educating so as to move from a closed world to an open world; from a throwaway culture to a culture of care; from the pursuit of vested interests to the pursuit of the common good".
9. "As educators, you know very well that this transformation must start from the conscience, or it will only be a façade."
10. "To be good workers, you must not neglect yourselves. You cannot give to young what you do not have within yourselves."
11. "The Christian educator, in the school of Christ, is first of all a witness, and he is a teacher to the extent that he is a witness".
12. "Go forth with the joy of evangelising by educating and of educating by evangelising".

Postscript: At the end of his address Pope Francis blessed the Brother Capitulants and all the Lasallian communities around the world. As is his custom, he made a request: "Please do not forget to pray for me". The Pope also promised them his prayers: "I pray for you, that you may be Brothers not only in name but in fact. And may your schools be Christian not only in name but in fact".

Pope Francis is greeted by Brother Armin Luströ, the newly elected Superior General .

Birth Days Greetings

Institute Days & Lasallian Feasts

June 06 : John Baptist De La Salle and 12 Brothers profess perpetual vows of Association, Obedience and stability (1694) Trinity Sunday.

JUNE 07: John Baptist De La Salle is elected Superior by the 12 Brothers (1694).

JUNE 24: John Baptist De La Salle moves teachers into his house (1681) and teaching masters move from his family home to the Rue Neuve- The Beginning of the Institute of FSC.

Brothers' Dearth Anniversary

June 17
Br.Thomas Fernando (1994)

**ST.JOSEPH'S & ST.LASALLE
Keelamudiman****1) Daily E-Kids learning: Daily activities.**

In collaboration with the E-Kids system of education, we teach new vocabulary and the importance of the day in our daily assembly. Based on the daily learning, weekly competitions are being conducted.

2) NMMS Exam –Gov. Competitive Examination: 5 March 2022.

Our school students of Class VIII attended the National Means-cum-Merit Scholarship Examination (NMMS) which was usually conducted every year by the Science Branch of the Directorate of Education, Delhi. We thank and appreciate the teachers who were involved in preparing them to perform well.

3) Campaigning process: 12 March 2022.

We have started our campaigning to recruit more admissions for the next academic year 2022-23. As a first step, Mr Prabhakar, our Teacher reached out to many nearby schools and collected students' list to do the follow up later.

4) Cursive writing Training: 14-18 March 2022.

Handwriting reinforces the students' reading and language processing skills. Learning cursive handwriting is important for spelling skills, enabling children to recognize words when they read them later. Mr Karthikeyan conducted a week long orientation and training programme.

5) Novena to St. Joseph & Feast day: 14-19 March 2022.

As a preparation for the feast of St. Joseph, we had a Novena Prayers daily. Nine days of Novena were allocated for each class student under the guidance of their class teachers. All the classes were very creative in organizing the prayers. On March 19, we celebrated the feast of our patron saint St. Joseph with the Eucharistic Celebration.

6) Slow learners Training: 21-23 March 2022.

Our school takes care of the slow learners and we provide all means to learn the basics of each subject. We had a special expert Mr Perumal for training our students. His methods are proven ones and now our children are happy that they could read and write better than previous days.

7) Enrichment Programme: 26 March 2022.

A group of students and teachers came from the Don Bosco Arts & Science college, Keelaeral to teach spoken English and provided a leadership training programme for the students of classes 6 to 9. On the same day Br. Brickston also delivered an input on the Lasallian Leadership.

8) Spoken English Week: March 24-28.

Students at St. LaSalle were fully occupied with learning spoken English. All the Teachers creatively organized different activities and created a space for learning spoken English. All the students actively participated.

9) Fun Day: 29-31 March 2022.

Three days were dedicated to keeping the KG kids out of books and organized many kinds of activities such as creating a scratch art picture, Picture coloring, initial sounds and creating a collage. On the final day, students of class VI-VII evaluated the presentation of the KG kids which were displayed for visitors' show.

10) PTA Meet: 31 March 2022.

Parents play a vital role in the education of a child. The School and the Teachers are only an extension of the educational process that the parents have already begun at home. The second Parents' meeting was conducted in which 98% of the parents attended and actively participated. The Correspondent, Headmaster and the Hostel in charge shared their observations and concern for students. The Headmaster very much insisted on the role of the parents in taking care of their child.

10) Graduation Day: 02 May 2022.

St. Lasalle school celebrated Kindergarten Graduation Day on 2nd May, 2022. Tiny tots dressed up with nice attires and performed different activities like music, dance and skit which was appreciated by all gathered. The most important part of the day- Graduation Ceremony started with the smart tiny tots of KG dressed in graduation robes and caps walking the stage. The correspondent and Principal along with the Chief Guest felicitated the students with Certificate of Graduation. Children looked pretty in their graduation robes and caps. The Annual Report was narrated by the principal. It was indeed a joyous and memorable day for not only the little ones but also a proud moment for the parents as they witnessed their children receiving their KG Graduation Day Diploma's from the guests.

May God bless these tiny "graduates" as they continue their education in the main stream of the school!

ST.LASALLE - TUTICORIN

Tuticorin Tidings

WOMEN'S DAY:

International Women's Day was celebrated in our school on 7th March. All our women teachers were on the stage receiving garlands, shawls, appreciation and applause for their wonderful work in our Lasalle School. As this was the first time they were honored and recognized like this, they were on cloud nine. Their happiness found no boundaries. Of course, they deserve greater respect and thankfulness for their valuable, dedicated service to the students.

LASALLE IGNITES:

We believe that there is Abdulkalam, Einstein, Ramanujam AR Rahuman hiding in each one of our students. They were all waiting for a day to come out. Yes, on March 10, they all had their field day. All the classrooms were filled with innovations, exhibits, tableaus, mannequins, models of freedom fighters.....etc. Even the school ground had some attractive missiles, military tanks and rockets. The nearby schools visited us and wondered at the exhibits. The teachers' cooperation made them feel like scientists and artists. All felt that Lasalle definitely ignited them powerfully.

FOOTBALL:

It has become a reflex action for our footballers to win cups and prizes wherever they go. This month, it was from Kovilpatti. Our under 14 team footballers were on fire against the opponents in the final match of the tournament to claim the 1 prize. Our football coach Mr Dharmar was full of smiles when he returned to school with this prize.

BASKETBALL:

Our basketball team players are bloomers in this field. However, they are not scared of matches. Recently, they had a match with local teams and won third prize. Our coach is relentless in training this new team.

MEMORIZE:

This is an important skill, particularly in Mathematics. However, remembering some famous poems, lyrics, and scientific inventions is a special skill. We arranged this innovative day on 22 noon and the students' participation was par excellent. They made the teachers wonder at them. These are students with great potential. Wow! The future is very bright.

ST.LASALLE - TUTICORIN

SPIRITUAL EVENTS:

With the above programs, there is no dearth of Spiritual activities also. As the feast of St Joseph fell on this month, we had 9 days of Novena with special intention for our X, XI and XII students. We also had the Way of the Cross during this month to mark the Lenten season. Hopefully, all these spiritual initiatives would bring blessings to us.

MONTH OF APRIL :

On 7th April, we celebrated the feast of our Founder and our school patron St LaSalle. As the Government practical exams were held during those days, we celebrated the feast in a simple way. Thanksgiving Mass was offered with three days of Triduum prior to the Feast day.

Our School was a center for four other schools in the vicinity. Hence, the campus and our labs were busy with many activities throughout this month. All went well, with the cooperation from the teachers, students and participating schools.

Third and final revision tests were conducted for the X and XII students. As this is the last chance to hone their writing skills, they made use of these exams very well. Teachers offered suggestions after correcting the papers.

The XII standard students, had their farewell day on 25th April. Students representatives shared their school life in this campus. The campus was filled with a sense of gratitude. Some faces looked gloomy as they will be leaving the campus as students of LaSalle. They met their teachers and thanked them sincerely for all the hard works done for them. Scenes of these made everyone to shed tears of joy.

MONTH OF MAY was full of exams and summer vacation began for all our students.

WOMEN'S DAY

The International women's day program was celebrated in the school in a grand way. The day began with a prayer in which special prayers were offered for the teachers. There were also some cultural events adding beauty to the program. Rev. Sr. Leema, CIC. the Headmistress of Salaigramam School was the Chief Guest of the day.

She spoke about the history of women's day and spoke about the importance of women in the current situation. The teachers were given a memento and honoured by the Chief Guest. It was a very meaningful and joyful celebration.

PARENTS AND TEACHER'S MEETING

As the meetings have been organised for different classes and this would be the last parents' meeting of the academic year, most of the parents positively responded to the invitation and actively participated in it. In the beginning Rev. Bro. Jeyaseelan the Correspondent of the school spoke generally about the behaviours of the students.

It was followed by Rev. Vincent the Head Master who shared the plans for the coming days with the parents. Later, the teachers met the parents with the students individually and discussed the children's performance.

HAND WRITING PRACTICE:

An exclusive program was organised for the 6th - 9th-grade students to improve their Tamil and English handwriting. Mr Karthickeyan from Kalayarkovil gave an intensive training. The classes were conducted for a full day and personal attention was given to the individual, who lacked extra attention and coaching. On the last day of the course, the children were given a small test to show their competency. It was judged and the children were awarded the certificate. It was a wonderful training for the students to present their writings in a beautiful way.

**NOVITIATE**

March always marches, Though it was a month of profound learning for the novices. the sessions inspired them as they process their vocation journey. The Inter- Congregational Session on Community life was given by Fr. Ngoa AA. It assisted them to integrate their community experience productively into their lives. The novices were given a session on a Healthy sense of self by Br. Mark Mckeon. This session enlightened them to handle their feeling and emotion and to have a proper understanding of themselves. Br. James Joost enlightened the novices on the post-Vatican II. It was informative. He elaborated the history very well.

The church document *Christus Vivit* was presented by Br. Mark Mckeon. It was contextual and in line with our founder's writing. The notions which were presented by Pope Francis inspired the novices very much. The novices had an inter-congregational session on Vows in context. It was a practical session. It motivated them to cultivate their spirituality.

Br. Mark Mckeon was again on the screen to present the session on Healthy Intimacy. It offered radical ways to live out the celibate life. Br. Armin Luistro presented sessions on Lasallian Leadership and Management. It was an inspiring session. He presented the corporate leadership qualities of St. John Baptist De La Salle. And Novices had an interactive session with him for an hour. Br. Felix presented a session on human relationships. Novices shared the best practices that they encountered in their lives.

Apart from that, Novices had personal dyads. The second volume of the novitiate newsletter was released on March 16 in honor of Br. Philip's birthday. Mark Tony was the chief editor of the second volume of the novitiate newsletter namely "Rue Nueve".

God bless you.

Postulancy chronicles

May the early spring **A**waken your soul and **R**emind you to **C**elebrate the season with **H**ope and joy it brings... Mindfulness .com.

Postulants (Santosh, Sharon and Siril had gone for the Discernment retreat accompanied by Fr.Jesu, SVD. And they returned on 2nd March, the Ash Wednesday. Obviously, Lent is a time of refocussing, of re-entering the place of truth, of reclaiming our true identity. During the second week of March our Postulants were exposed to hands on experience to auto mobile workshop and to a language laboratory. On 6th March our community was invited to attend the birthday of Bro.Gerald. There was a food festival after the mass to mark the occasion. Third week of March enthused the Postulants as they prepared to go for school and community exposure. They came back fully satisfied and contended. We express our sincere thanks to the Director and Head Master of Keela Mudiman, LaSalle School and St. James Hr.Sec.school for accompanying and animating our Postulants. A farewell was arranged to send off Bro.Selvathas as he has touched the hearts of many in and around Boys Town. Bro. Inego Amalan went to attend the Formators meet at Pondicherry. Bro.Heldon went to Sri-Lanka to visit the Postulancy and the Lasallian mission centers of Sri-Lankan Districts. On 26th of March, our Postulants went to anugraha, Dindigul to attend the inner child healing session. The Birth Day of Bro.Auxillary visitor was celebrated in the presence of our neighboring communities, on a grand scale reminding us to count our life by smiles not tears and age by friends, not years.....We pray May the Lord bless him abundantly with the rest for the heart, power for virtue, wisdom for life and patience in suffering. Happy Birthday.

LASALLE JEEVAN SHARAVANTH- KEESARA

1.RECOLLECTION DAY

As it is said, God speaks to us in the silence of our hearts. This saying was true in our experience as a community, when we had our recollection. This recollection was so unique to all of us as community members, for we could collectively reflect about the life of Jesus as poor middle class man. This human nature of God, helped us to deeply reflect about our vowed life. The vow of poverty we could concentrate basically Jesus as the centre of our vowed life. We thank Bro.Alfred for making it easy for us to reflect the vow of poverty. His inputs during our recollection helped us to bring transformation within us. We could feel we are made free with the vow of poverty, which helped us to be available for the mission.

2.FRATERNAL VISIT BY BISHOP

Fraternal love is the nearest testimony that we can give to others, by making Jesus active among us. The fraternal visit of our Bishop Most.Rev.T.Joseph Raja Rao the bishop of Vijayawada promoted a sense of deep collaboration and responsibility among the secular leaders and the religious assistants. His visit was to examine the quality of the spiritual assistance given and encouraged us to assist in the service and promote the continuing spiritual and pastoral formation. He was with us for lunch and tea. His presence multiplied our joy.

3.EASTER CELEBRATION

"Easter is the demonstration of God that life is essentially spiritual and timeless Christ the Lord is risen today, sons of men and angels say. Raise your joys and triumphs high; sing, ye heavens and earth reply "The joy of celebration started at midnight. The night before Easter Sunday with the lighting of candles, fireworks, etc., representing the triumph of light over darkness. On Easter Sunday, the church was filled with flowers representing new life. We as a community took part in the joyous celebration of our parish. It made us to enter into the new life filled with peace.

LASALLE JEEVAN SHARAVANTH- KEESARA

4.FOUNDERS FEAST DAY – DELASALLE

Each year, Lasallians honor Saint John Baptist de La Salle, founder of the Institute of the Brothers of the Christian Schools and patron saint of teachers, on April 7th, known as the Solemnity of Saint John Baptist de La Salle or Founder's Day. This is a day to reflect on the rich history of the Lasallian mission and celebrate the man whose vision was to dedicate his life to the young ones by providing a human and Christian education to the children, especially the poor and launched worldwide network as the Lasallian network. The celebration is also an opportunity to honour the ministries, Brothers, and lay partners and the work they do to continue the Lasallian mission. Rev Fr. Dara Balaswamy has released a special message in honor of Founder's Day during the eucharistic celebration. The day of celebration was celebrated meaningfully and joyously with hostel students. We invited the sisters and other congregation those who were near to them all. They all joined in the fellowship meal.

5.BRO.THOMAS VISIT TO OUR COMMUNITY

The fraternity visit of our Brother made us opportune for steering communion and a service for building up the relationship. We are grateful for the presence of our brother in our community, for all that he contributed to our institution and for the betterment of our mission. May the self-assessment and dialogue sparked by his fraternal Visitation continue to bear abundant grace to us. Brother rendered his service in our institution for our staff taking special care and provided spoken language in order to flourish the mission in the future. We were very grateful for his service and committed in the mission.

St. Joseph's Juniorate- Mangalagiri

Journeying Together forA Challenging Grace..... Synod

I am indeed delighted to put black and white my thought on synod after having attended on line sessions. This Phrase echoes in my mind
 “Don't walk alone, you may stumble and fall, but walk together someone may hold you and lift you up from your fall”.

We have seen many times the birds flying together, the reason that they are strengthened when they fly together than flying alone. The Alpha pillar of synod is a “Grace of Coming Together”; the Beta Pillar is “Listening to one another with the Ear of the Heart” and the Omega Pillar is “Forming Family of God”.

Coming together fosters the Communion
 Listening to one another nurtures the Participation
 Forming a loving family of God engages in Evangelization or Mission.

For me, the Church is ALL and the ALL is the Church – It is all about a Loving Human Family of God. The God is all about LOVE, all about HUMANE. The Church is nothing but LOVE AND HUMANE. I would like to see the church as radical embrace of love of broken and radical embrace of sanity and sanctity. The church needs intensive healing, deeper renewal and radical transition, if the church restores the vision of CHRIST

(BROTHERHOOD) then this Synod becomes a Grace.

I pray that this synod becomes the time of God's visitation, the Epiphany of the Spirit and the Pentecostal Event.
